

DECLARATION OF CONFORMITY

ITEMS:

105127 - Cap, 28/410, push pull, screw on, white, ribbed, PP - ULTRA LIGHT

INTENDED USE

Plastic push-pull cap intended for sealing plastic packaging for chemical products (detergents, cleaning agents, technical fluids, and other chemical products), in accordance with the customer's technical specification.

BASIS FOR ISSUING THIS DECLARATION

This declaration is based on:

- Product technical documentation;
- Raw material suppliers' declarations;
- Internal quality control system;
- Production traceability documentation;
- Test results of the product's mechanical and functional characteristics.

COMPLIANCE

The product is manufactured in accordance with the applicable European Union requirements relating to materials and products intended for industrial use, including:

- Regulation (EC) **No. 1907/2006 (REACH)** – Registration, Evaluation, Authorisation and Restriction of Chemicals;
- Regulation (EC) **No. 1272/2008 (CLP)** – Classification, Labelling and Packaging of Substances and Mixtures (with regard to packaging and compatibility);
- Directive **94/62/EC** on Packaging and Packaging Waste, including all applicable amendments;
- Directive **2011/65/EU (RoHS)** – where applicable to the materials used or customer requirements.

MATERIAL DECLARATION

The product is manufactured from polymer materials that comply with the requirements of the REACH Regulation regarding Substances of Very High Concern (SVHC), based on information provided by the raw material suppliers.

According to the available documentation:

- **The product does not intentionally contain SVHC substances above 0.1% (w/w);**
- **The product does not contain PFAS substances;**
- **The product does not contain lead, mercury, cadmium, or hexavalent chromium above the permitted limits.**

We declare that the above-mentioned Push-Pull Cap K-19 is manufactured in accordance with the applicable European regulations relating to the chemical industry and industrial packaging, and that it meets the technical requirements for its intended use.

TRACEABILITY

Full traceability of raw materials, production batches, and finished products is ensured.
