Declaration of Conformity According to PPWR

Based on the compliance documentation issued by the suppliers of the raw materials used in the production we declare that the product covered by this declaration complies with the requirements set out in **EU Regulation 2025/40** on packaging and packaging waste (PPWR) for the given product, in particular:

Material and Compositional Compliance

- The packaging does not contain any substances that are prohibited or restricted under the PPWR, REACH, or EU regulations on food contact materials.
- It does not contain PFAS substances in quantities deviating from or exceeding the limit value specified in the regulation.
- The combined concentration of heavy metals [lead (Pb), cadmium (Cd), mercury (Hg), chromium Cr(VI)] is < 100 mg/kg.

- The additives used comply with EU regulations on food contact materials (1935/2004/EC, 10/2011/EU, etc.).

Recyclability Compliance

- (If applicable) Recycled content of the packaging: 0% PCR.
- The recyclability assessment of the packaging has been completed: 100%
- Recyclability class (if applicable yet): A

Functional Suitability

- The packaging is suitable for its intended use (mechanical, barrier, food safety performance).
- The packaging ensures the preservation of food quality and safety.

Technical Documentation

We declare that, where applicable, the technical documentation according to Article 14 of the PPWR is available and includes:

- material composition
- test reports
- recyclability assessment
- conformity calculations
- supplier certificates

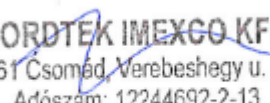

The documentation is retained within the retention period required by the relevant legislation and will be made available upon request by the authorities.
