

Declaration of Conformity

Regulation (EU) 2025/40 on Packaging and Packaging Waste (PPWR)

IDENTIFICATION OF THE PACKAGING

Item code	108141
Description	Bottle, 24/410, 100 ml, screw on, white, tubular - HDPE
Raw material	HDPE Rigidex HD 5502 S – Ineos
Colorant	Remafin PE White E – Avient
Material Identification Code	02 - HDPE

Based on the documentation received from the manufacturer we hereby declare that the packaging covered by this declaration complies with the applicable requirements of **Regulation (EU) 2025/40 (PPWR)** and with the other European legislative provisions applicable on the date of issue of this document.

REGULATORY REFERENCES

- Regulation (EU) 2025/40
- Harmonized standards and applicable technical specifications;
- Current European and national legislation on packaging;

COMPLIANCE WITH PPWR REQUIREMENTS

It is declared that the packaging:

- Was designed in accordance with the criteria of minimization of weight and volume;
- Meets the applicable requirements relating to restricted substances;
- Is designed for recycling according to the applicable criteria;
- Is correctly identified and labelled according to current requirements;
- Complies with the performance requirements applicable to the specific packaging type;

PRESENCE OF SUBSTANCES SUBJECT TO RESTRICTIONS

Based on the information and declarations received from raw material suppliers, the materials used for the manufacture of our products do not intentionally contain heavy metals (lead, cadmium, mercury and hexavalent chromium) in quantities exceeding the limits set by **Directive 94/62/EC** and subsequent amendments.

We also declare that, according to the information provided by our suppliers, the raw materials used do not contain substances belonging to the PFAS family (per- and polyfluoroalkyl substances) as defined and regulated by Article 5 of **Regulation (EU) 2025/40**.

We confirm that manufacturer do not intentionally add heavy metals or PFAS substances during any stage of our production process.

This declaration is based exclusively on the information and declarations provided by our suppliers and on our knowledge of the company's production processes.

ADDITIONAL INFORMATION FOR ARTICLES INTENDED TO COME INTO CONTACT WITH FOODSTUFF

In addition to what is stated in the previous paragraph regarding the unintentional addition of heavy metals and PFAS substances, we hereby specify that the raw materials used in the manufacture of the Items covered by this declaration, namely:

RAW MATERIAL: HDPE Rigidex HD 5502 S – Ineos

COLOURANT: Remafin PE White E - Avient

Analyses performed

- Analysis of PFAS content in accordance with Regulation (EU) 2025/40
- Determination of total fluorine in accordance with the method UNI EN 17813:2024
- Determination of inorganic and organic fluorine in accordance with the method UNI EN ISO 10304-1:2009
- Determination of heavy metals content in accordance with EPA Method 3050B (1996) and 6010D (2018)

Based on the tests the raw materials **COMPLY** with the legal requirements of Regulation (EU) 2025/40, including where such items are intended to be used for the packaging of food products.

CONTENT OF RECYCLED MATERIAL

Does not contain recycled material

VALIDITY OF THE DECLARATION

This declaration remains valid until changes are made:

- In the composition of the packaging;
- In the production process;
- In the used materials;
- In the applicable legislation;

Any change will result in the issuance of a new revision of this document.
