Customer Information
On the conformity with regulations of European Union

Dear Customer,

UNICOM International Baranski Sp. K.
Baziowa 28,43-100 Tychy, Poland
Phone: +48 692 854 169 | E-mail: info@unicom.com.pl | www.unicompackaging.eu

Certifies that the Slim Lotion dispensing pump (thread 24/410) complies with the requirements of the following directive and regulation:

• European Parliament and Council Directive 94/62/EC of 20 December 1994 on packaging and packaging waste

• Regulation (EC) No 1907/2006 of the European Parliament and of the Council of 18 December 2006 concerning the Registration, Evaluation, Authorisation, and Restriction of Chemicals (REACH)

Since the Cosmetic Regulation (EC) 1223/2009 is not specific regarding the requirement of cosmetic packaging and due to this lack of clarity, it is commonly accepted that the legislative requirements of packaging for food contact are useful references for cosmetic packaging.

A recent guideline from EU Commission states that "reference to Regulations (EC) No 1935/2004 on food contact material could be useful for characteristics of packaging materials". UNICOM International Baranski Sp. K. applies the food contact legislation as far as it is relevant for cosmetic packaging.

Food contact Europe- appropriate regulations (for which the Slim Lotion dispensing pump complies with the compositional requirements), for example:

• Commission Regulation (EU) No 10/2011 of 14 January 2011 on plastic materials and articles intended to come into contact with food

• Regulation (EC) No 1935/2004 of the European Parliament and of the Council of 27 October 2004 on materials and articles intended to come into contact with food

It is the sole responsibility of the customer to ensure the packaging is compatible with the content that the customer intends to put in the finished packaging and products.

Yours faithfully.

Marcin Bodzan
Sales Director
