

DECLARATION OF CONFORMITY

Based on the data received from the manufacturer of the packaging, we declare that the following product:

142 - Bottle, 28/410, 1000 ml, screw on, white, PE - RIBBED

complies with the requirements of **Regulation (EU) 2025/40** of the European Parliament and of the Council (Packaging and Packaging Waste Regulation – PPWR) and applicable related European legislation.

MATERIAL

Raw material: HDPE (High Density Polyethylene)

Manufacturer: MOL PETROCHEMICALS Co. Ltd.

Type number: TIPELIN BA 550-13

Coloring concentrate: PE 401-52

Supplier declarations of conformity for the raw materials used are available.

HEAVY METAL CONTENT

The total concentration of lead (Pb), cadmium (Cd), mercury (Hg) and hexavalent chromium (Cr VI) in the packaging does not exceed the limit values set out in applicable European legislation.

HIGHLIGHTED HAZARDOUS SUBSTANCES

The manufacturer declares that, based on the information available to it:

- the product does not contain intentionally added PFAS compounds;
- the product does not contain substances of very high concern (SVHC) in concentrations prohibited by law;
- the raw material used complies with the REACH regulation.

BISPHENOL A (BPA)

If the product is intended to come into contact with food, the raw material used complies with the relevant European regulations, including the requirements for bisphenol A.

Compliance is confirmed by the declaration of the raw material manufacturer.

FOOD CONTACT PACKAGING

If the product is intended to come into contact with food, it complies with the following legislation:

- **Regulation (EC) No 1935/2004**
- **Regulation (EU) No 10/2011**
- **GMP Regulation (EC) No 2023/2006**

The documentation of compliance is available from the manufacturer.

GOOD MANUFACTURING PRACTICE (GMP)

The packaging is manufactured in a documented manufacturing process.

During manufacturing, the following is ensured:

- raw material traceability
- production batch identification

RECYCLABILITY

The primary material of the packaging is HDPE

The bottle is suitable for recycling in the HDPE plastic waste stream, if a suitable selective collection and recycling infrastructure is available.

Material designation: HDPE 02

If the product is placed on the market with a cap, recyclability can be determined based on an assessment of the entire packaging system.

During the design of the product, we have strived to use the least possible amount of material, taking into account the necessary technical requirements.

The wall thickness, mass and geometric design are determined by the functional requirements.

This declaration is based on the following documents:

- raw material supplier declaration of conformity
- Technical Data Sheet (TDS)
- Safety Data Sheet (SDS)
- Food Contact Declaration (if applicable)
- traceability system documentation

Nordtek Imexco Kft**Phone:** (+36-1) 363-1447**Postal address:** Szőnyi út 21/A, Budapest, 1142 -HUNGARY**E-mail:** info@nordtek.hu**VAT No.:** HU12244692

This declaration is valid from the date of issue.

It becomes invalid if:

- the product design changes;
- the raw material used changes;
- a new raw material supplier is used;
- the relevant legislation changes;
- new technical or legal information becomes known that justifies a review of conformity.
