

DECLARATION OF CONFORMITY FOR MATERIALS AND OBJECTS DESTINATED TO BE IN TOUCH WITH FOOD PRODUCTS

This declaration is valid for following articles:

<i>Item</i>	<i>Description</i>
1562	<i>Caps ⁽¹⁾ color NU – NEUTRAL</i>

We declare that the above-mentioned products, are

CONFORM

to following EC legislation:

- *Regulation 1935/2004/CE art. 3, art.11 paragrafo 5, art.15, art.17;*
- *Regulation 1895/2005/CE;*
- *Regulation (UE) 10/2011 and its amendments, last updated Reg. (UE) 213/2018;*
- *Regulation 2023/2006/CE.*

and national legislations:

- *DPR 777/1982 and subsequent updates and changes;*
- *Decreto Ministeriale 21/03/1973 and subsequent updates and changes;*
- *Decreto Legislativo n.29/2017 del 10.02.2017.*

The above-mentioned products are made of PP (Polypropylene).

The above-mentioned products are suitable for packaging of all kind of food products with the following contact conditions: any long term storage at room temperature or below, including when packaged under hot-fill conditions, and/or heating up to a temperature T where $70\text{ °C} \leq T \leq 100\text{ °C}$ for a maximum of $t = 120/2^{((T-70)/10)}$ minutes.

For the global migration evaluation, following tests have been conducted:

- *Simulant ethanol 10%*
- *Test conditions: 10 days at 40°C*
- *Simulant acetic acid 3%*
- *Test conditions: 10 days at 40°C*
- *Simulant vegetal oil*
- *Test conditions: 10 days at 40°C*

The values of the migration were evaluated in mg /article.

For the specific migration evaluation following tests have been conducted:

Simulant ethanol 10%

Test conditions: 10 days at 60°C

Simulant acetic acid 3%

Test conditions: 10 days at 60°C

Simulant vegetal oil

Test conditions: 10 days at 60°C

The values of the migration were evaluated in mg /article.

The materials contain substances subject to restrictions:

<i>Substances with SML</i>	<i>Ref. N°</i>
<i>9,9-bis(metossimetil)fluorene</i>	<i>39815</i>

The global migration limits, together with other restrictions to which the monomers and additives present in the material are subjected and above specified, are respected in the above mentioned conditions.

This declaration is supported by:

- declarations of conformity of material suppliers;*
- analytic tests carried out as per Reg. (UE) 10/2011.*

The material doesn't contain "Dual Use" additives as per Regulations 1333/2008/CE and 1334/2008/CE.

This declaration is valid as of the date below specified and will be replaced in the event of a change in the production of the product, which will change the essential requirements of compliance or when the relevant legislations (national or Community) will be modified and updated, or when new scientific data require a new compliance verification.

The conformity is subject to the respect of the storage conditions, the handling conditions and the conditions of use described in the technical specification sheet of the product.

The buyer has to verify that the final product, in its conditions of use, doesn't transfer its constituents to foodstuffs in quantities which could endanger human health and/or bring an unacceptable change in the composition of the foodstuffs.
